Going live from your phone

CLEAR TO AIR · TALENT

1

Open the link

Tap it, or scan the code on the desk's screen. Use Chrome or Safari.

2

Allow camera + mic

Say **Allow** to both. You should see yourself and the green meter move.

3

Wear headphones

No speaker: the show would hear itself back (echo).

4

Press CONNECT

Wait for the green **CONNECTED · LIVE**. That's it - leave the page open.

WHAT THE LIGHT MEANS

CONNECTED · LIVE	All good. The desk has your picture and voice.
RECONNECTING…	Hang on - it fixes itself. You are usually still on air.
OPENED ELSEWHERE	Your link was opened on another device. Use that one, or tell the desk.
LINK CLOSED	The desk ended it. Ask them for a new link.
OFFLINE	Not connected. Press **CONNECT**.
CONNECTING…	Just pressed. Give it a few seconds.
